

JOB DESCRIPTION

LANDSCAPE ARCHITECTURAL TECHNICIAN

PART A – COMPANY PROFILE

MBTW/WAI is a professional, multidisciplinary consulting and design firm providing services in landscape architecture, urban design, planning and architectural design guidance. Our full service, award winning, Toronto-based firm is comprised of more than 50 staff members, with varying interests and talents. Collectively, we combine our broad range of experiences with state-of-the-art technologies and resources with the goal of providing our Clients with a unique perspective in the business of land planning, site design and development. Our office provides a range of employee benefits including comprehensive health, travel, and dental insurance, annual performance bonuses, RRSP matching, flexible work hours, and balanced office-home work options. We also foster a community environment through a variety of social activities including in office fitness boot camp, ski days, volleyball events, and more.

PART B – POSITION DESCRIPTION

The core function of a **Landscape Architectural Technician** is to work in support of the firm's provision of professional consulting services to a wide variety of public and private sector Clients. A **Landscape Architectural Technician** shall work both individually and within the multi-disciplinary structure of the firm - providing technical support to MBTW/WAI projects with a focus on the production of project materials, project file organization and maintenance, and general project communications.

PART C – KEY RESPONSIBILITIES

A **Landscape Architectural Technician** will be expected to successfully undertake the following roles and responsibilities:

- Cooperatively undertake daily activities within a team reporting structure that includes: Technical Staff, Landscape Architectural Designers, Project Managers, Senior Project Managers, Associates, Partners and a variety of specialized Administrative and Support Staff.
- Create and modify plans, cross sections, diagrams, presentation materials, illustrations and precedent images using office software and systems.
- Assist in the preparation, distribution and monitoring of project correspondence to/from project Clients, Consultants, Municipal Staff, Jurisdictional Authorities & others
- Maintain project files including the organization of drawings, reports and project correspondence.

PART D - QUALIFICATIONS

- 0–3 years experience with either a Diploma in Landscape Design or a Diploma in Architectural Technology from a Technical College or similar institution.

PART E – SKILLS + KNOWLEDGE

- High level of proficiency required in: AutoCAD (latest version) / Photoshop / Microsoft Office
- Additional proficiencies may include: Revit / Sketch-up / 3D Software / In-Design / PowerPoint

Qualified applicants are invited to send a cover letter, resume and portfolio in confidence to contact2023@mbtw.com ATTN: Human Resources Manager.

A minimum of two professional references are required.

We thank all those who submit applications; however, only those candidates selected for an interview will be contacted.
