JOB DESCRIPTION

Urban Design / Architectural Technician (12-18 months Contract)

PART A – COMPANY PROFILE

MBTW|WAI is a professional, multidisciplinary consulting and design firm providing services in community and land use planning, urban design, landscape architecture and architectural design guidance. Our full-service, award-winning, Toronto-based firm is comprised of more than 50 staff members, with varying interests and talents. Collectively, we combine our broad range of experiences with state-of-the-art technologies and resources with the goal of providing our clients with a unique perspective in the business of land planning, site design and development. Our office provides a range of employee benefits including comprehensive health, travel, and dental insurance, annual performance bonuses, RRSP matching, flexible work hours, and balanced office-home work options. We also foster a community environment through a variety of social activities including in-office fitness boot camp, ski days, volleyball events, and more.

PART B – POSITION DESCRIPTION

We are seeking a motivated and creative **urban design /architectural technician** with a strong inclination for design to join our **urban design, architecture & planning team**.
